MILLIMETRE DESIGN SDN BHD is a Kuala Lumpur-based consultancy and build firm, offering a comprehensive range of professional services including interior design, project management and contract solutions. Committed to producing groundbreaking, impactful interiors, Millimetre Design Sdn Bhd strives to deliver exceptional interior design work with a focus on refined quality.

Since the company's inception in 2011, Millimetre Design Sdn Bhd has become known for its versatility, covering a wide variety of projects from residential to commercial, corporate to hospitality. In building a reputation for excellent standards and creative ideas they have amassed a substantial and impressive client portfolio. The company is led by Alan Fong, Design Principal & Director, alongside Vienna Chew, Design Director.

Under their guidance, Millimetre Design has become a powerhouse, providing designs which infuse innovation, culture, form and function, meeting every client's requirement.

Two such projects are the Gamuda Gardens Sales Gallery and Twentyfive.7 Sales Gallery. These encapsulate something more than just design, and are an expression of creativity within the interior design sphere that makes each interior space unique in its own right. The Gamuda Gardens Sales Gallery provides potential residents and owners an opportunity to travel on a journey experiencing life in the Gamuda Gardens residential development. The concept for Twentyfive.7 Sales Gallery was inspired in particular by the prism form; representing Residence, Community and the Developer coming together. The strength and soul of Millimetre Design Sdn Bhd lies in its team, who are passionate about interior design.
